Parent Information on fees

Tuition Fee Policy and Procedures

Introduction

We recommend that you read this information carefully as it contains important information about the organisation's regulations, policies and procedures with regard to tuition fees for your child's lessons and tuition with us.

Admission Fee

A one-off non-refundable admission fee of £50 is applied for each child you register, when enrolling your child with us. This is to cover the admin cost that goes through registering your child. Failure to pay the admission fee through our Student Application form on our website, will hinder the registration for your child with us.

The above payment is not in relation to your monthly fees and is a standalone one off payment only at the start of your admission for your child. Please ensure to pay this fee alongside the tuition fee at the start of your child's enrolment of that month, preferably, which would be the 1st of that month.

If you require an invoice for this payment, please feel free to contact us on our email or on our website's contact form and kindly ensure to highlight the name of your child in the message.

Initial Deposit

As part of our enrolment process, a **£150 refundable deposit** is required upon initial registration. This deposit serves as a safeguard to cover any **unpaid tuition fees, late payments**, or potential **legal costs** in case of disputes.

- The deposit will be **refunded at the end of the academic year**, provided that

all **outstanding tuition fees, late fees, and any other contractual obligations** have been cleared.

- If a parent **withdraws their child** after acceptance into our programme, the deposit will be **non-refundable**.
- The deposit also acts as a **commitment guarantee**, ensuring that places are reserved only for families genuinely committed to the programme.

This measure helps us maintain **financial stability** and ensures that tutors are fairly compensated.

Late Fee

A **£10 late fee** will be applied in the following circumstances:

- If the **monthly tuition fee** is not received before the end of the month, and no prior notice of an exemption or exception has been provided.
- This late fee will be **charged consecutively every week** until the outstanding tuition payment is made.
- If tuition fees remain unpaid, the late fees will continue to accumulate weekly, including the week in which the tuition fee is finally settled.
- Late payments cause **financial instability**, as they directly affect tutor wages and the operational costs of the programme. Additionally, our **Direct Debit provider** applies additional charges for every failed or retried payment attempt, which this late fee helps to cover.

This measure helps us maintain **financial stability** and ensures that tutors are fairly compensated.

Fee Breakdown

For reference on how much you are paying, here is a breakdown with calculation references below:

- **Base** = per half hour
- **Weekly** = Base x 3 (days of lessons in the week)
- **Yearly** = Weekly amount x 39 (weeks in the academic year)
- **Monthly** = Yearly divide by 12 months (amount is rounded to nearest number)

Base	Weekly	Yearly	Monthly	Students	Total
£7.20	£21.60	£843	£70	1	£70
£7.00	£21.00	£819	£68	2	£136
£6.70	£20.10	£784	£65	3	£195

*The above amounts are rounded up/down by the nearest pound and the **Total** will be what parents will be paying to the tutor every month and consequently incorporates the holidays too.

If there is a family of more than 3 children, then the above table will reapply starting from the 4th child. Therefore, on the 4th sibling, you will be charged the standard flat rate of £70, 5th sibling being at £126, and so on, etc.

Weekend sessions are billed based on the session length: 30-minute weekend lessons are charged at 2x base rate, while 45-minute sessions follow the standard 3x weekly calculation.

For our fee terms, please see our **Tuition Fees Payable** section which is highlighted on the page [here](#) below.

Tuition Fees Payable

 - If fees remain unpaid beyond 4 weeks, tuition services for your child will be paused, and further steps will be taken as necessary.
- 1.3 **Deposit Usage & Refund Conditions:** A **£150 deposit is required upon enrolment** and serves as a safeguard against unpaid tuition fees, late payments, or contract breaches.
